# Health Equity in a Globalizing Era

## Past Challenges, Future Prospects

Ronald Labonté and Arne Ruckert

- Using a political economy approach, this title presents new connections between aspects of globalization and health equity
- Based on case studies to facilitate an analytical approach to globalization, economics and health
- An easy-to-follow guide for implementing policy solutions that improve health equity outcomes at local and global scales
- Ideal for senior undergraduate and graduate students in global health programs, global health scholars and practitioners in government policy and health/development NGOs
